We are in the initial planning stages of confirming all of the tents for our event and so we would like to invite you to review the invite that is attached and consider being a part of this premiere oilfield event.

If you have not been to this event in the past then some key things to remember is that we *DO NOT* allow any company equipment, product or brochures/flyers within the tent. Each tent is provided with a generic sign with a company name (along with items listed on the invite) and each tent will be judged by their food and theme that they choose and we would like to encourage a lot of creativity & fun within each tent.

Attached you will see the official invite that has the information as to what we will provide for your tent, pricing and most importantly the **DEADLINE** to confirm your spot.

If you have any questions **PLEASE** do not hesitate to contact :
